MD MAMUN FARAZI
FRONT-END DEVELOPER

Nirala, Khulna │ 01641381116 │ mamun.billa444@gmail.com │ https://mamun1098.github.io/Portfolio/

SUMMARY

Creative and results-driven Front-End Developer with over 2 years of experience in building responsive, intuitive websites and web applications. Proficient in HTML, CSS, JavaScript, jQuery, React.js, and Next.js, with a strong ability to translate design concepts into clean, maintainable code. Experienced in collaborating within Agile teams to deliver high-quality user experiences. Also skilled in WordPress front-end development and exploring cross-platform mobile development. Passionate about learning and staying current with modern front-end technologies, with a proven track record of contributing to dynamic and fast-paced development environments.

WORK EXPERIENCE

August 2023 – Continue

Font-End-Developer, AppsInception, Khulna

As a Front-End Developer at AppsInception since January 2023, I have developed and maintained user-friendly web applications using HTML, CSS, jQuery, JavaScript, React.js, and Next.js. I collaborated closely with design and product teams to build and launch over 10 responsive and functional websites, ensuring they met both aesthetic and performance standards. My role also involved regular communication with clients and team members to ensure alignment on project goals and deliverables, contributing to successful and timely outcomes.

February 2023 – July 2023

Front-End Developer Intern, AppsInception, Khulna

During my internship at AppsInception, I assisted with front-end development using HTML, CSS, and JavaScript, helped create responsive layouts, and improved user interfaces. I gained practical experience working in an Agile environment, collaborating with cross-functional teams, and contributed to debugging and testing to ensure application quality.
